The adult programme in Exeter is organised for those students who wish to improve their level of English and live an unforgettable experience.

The modern school is in a traditional building with gardens and beautiful views of the countryside and coast and the lovely city of Exeter – a perfect place to study. We have excellent accommodation within walking distance of the school and our social programme is free of charge all year.

THE SCHOOL

The school occupies a large Victorian villa in a quiet residential area of the city. It is located close to Exeter University and to the city centre and has wonderful views across Exeter to the sea and to Dartmoor National Park. Here you will be able to study undisturbed by traffic noise.

We are a small school (maximum 60 students, average 50 students) and accept adults only. The average age of our students is 30. We do not normally accept groups of students so there is a good mixture of nationalities in the school. On average there are 10-15 nationalities at one time.

At our School the emphasis is on personal care and flexibility. All the staff will do everything possible to make sure your experience here is better than you expected, and you'll want to return again. (Many of our students do!).
