

Spanish Summer Camp

EGA International
LEARN • SPEAK • TRAVEL

For 12 to 17 year-old teenagers in Alicante (Spain)

The programme is from Sunday to Saturday and it has a minimum duration of 1 week. Apart from the course and the activities, we include the transfer from Alicante airport or the railway station to the family (always between 8:00 – 22:00 h).

Course Programme

9:00 - 13:00

4 hours of intensive Spanish course.

13:00 - 16:00

Lunch with the host family.

16:00 - 20:00

Monitored activities with Spanish teenagers.

20:00

Spare time and dinner with the host family.

Families

All our host families live close to the school (maximum 10 minutes walk). We have been organising language courses since 1998 and have a close and confidential relation with all our host families.

Before the student arrives we send a complete description of the host family. This way, he/she will get to know them in advance and will be able to contact them -if necessary- to give them any necessary advice (allergies, special diets,...)

Extracurricular activities

Students won't be bored!

The programme is thought to have a complete linguistic and cultural immersion. They will learn the language in the classrooms and evenings they will have the possibility to practise with Spanish teenagers and monitors through a wide activity programme.

The extracurricular activity programme is organized together with Spanish teenagers. That way the students have the possibility to practise their Spanish outside the classroom, in a more relaxed atmosphere. All activities will take place under the professional and experienced monitor's supervision.
